## Employment

Jul 2022 — Present

### Frontend Engineer / UI UX Designer

MXS Solutions | Remote

- Design and build responsive landing pages and custom website experiences using Figma, HTML, CSS, and JavaScript.
- Collaborate with project managers and developers to translate client needs into polished web experiences.
- Create digital experiences for luxury automotive brands dealerships while working within existing design systems and brand guidelines.
- Build and maintain frontend features, troubleshoot bugs, and ensure responsive performance across devices.
- Work within Jira-based workflows and daily standups while supporting project coordination and team collaboration.

Dec 2023 — Present

### Freelance Product Designer

Upwork | Remote

- Design and redesign responsive websites and landing pages for freelance clients across multiple industries.
- Research client goals, competitor websites, and UI/UX trends to inform design decisions and improve user experience.
- Collaborate directly with clients to manage timelines, gather requirements, and iterate on designs based on feedback.
- Create wireframes, mockups, and responsive web pages using Figma, HTML, CSS, and Adobe Photoshop.

Jul 2023 — Dec 2024

### UI/UX Designer

Tributax | Remote

- Collaborated with the CEO and CTO on the redesign of the Tributax application experience to improve usability and visual consistency.
- Designed wireframes, prototypes, and UI mockups aligned with business goals and user needs.
- Worked with cross-functional teams to support implementation and maintain design consistency across the product.
- Researched UI/UX trends and best practices to improve the overall product experience.

Mar 2022 — Jul 2022

### Frontend Developer Apprenticeship

Countercheck | Remote

- Assisted in frontend development, styling, and responsive UI updates using HTML, CSS, and JavaScript.
- Collaborated with developers to troubleshoot bugs and support feature implementation.
- Worked with API integrations and frontend debugging in a fast-paced development environment.
